

64- 2310

STONE "JAIL" (SITE) - ca. 1800 - 11810 Belair Road. Primitive stone dwelling was traditionally used as an overnight jail for the convicts assigned to road repairs. Demolished in 1986 in connection with flood-control program. Probably one of the many outbuildings advertised in the Sun of May 11, 1847, when the King estate was for sale.
